After that, we had a discussion.

I can't really understand why Rina would be so resentful to the point of tears.

HEY!
GOOD
NEWS!

Is it because I'm so ordinary that I can't sympathize with her?

[1x1] ♦ Million Doll Wota Terminology ♦

1: Fan Service

Fan service is a trend in the oversaturated idol industry, taking the idea of "You can get close and meet them!" to the extreme.

In the year 2013, many novel ideas of fan service were born one after the other, such as events where they'll touch your crotch area, go for a walk with you, let you bury your face in their chests, or even slap you.

The other day, the editor celebrated an idol's birthday personally by going to the zoo and karaoke with her and dozens of other people!

It wouldn't be a stretch to say that the "you can't do this because you're an idol" borderline no longer exists. As the idol boom continues, more and more types of service that don't conform to accepted practices will appear in the industry.
